**F. EXPERTISE**

Description of animal species and techniques with which you have expertise such as: aseptic surgery, anesthesia, euthanasia, injection, etc..

Species	Technique	Number of Years

**G. OTHER** pertinent information as needed

**H. TRAINING**

Everyone named on any IACUC protocol approved by the Georgia Tech IACUC is *required* to complete the online CITI training course, "*Working with the IACUC*," and the other CITI training modules appropriate for the planned work. For example, if your work includes the use of mice or rats, you must complete "*Post-Procedure Care of Mice and Rats in Research: Reducing Pain and Distress*" and "*Working with Mice (or Rats) in Research Settings*." The online training is linked from the Office of Research Compliance website at [www.compliance.gatech.edu](http://www.compliance.gatech.edu).

CITI Module Title	Date Completed
<i>Working with the IACUC*</i> (Required for all personnel, regardless of species to be used)	
<i>Working with Mice in Research Settings</i>	
<i>Working with Rats in Research Settings</i>	
<i>Working with Hamsters in Research Settings</i>	
<i>Working with Gerbils in Research Settings</i>	
<i>Working with Guinea Pigs in Research Settings</i>	
<i>Working with Rabbits in Research Settings</i>	
<i>Working with Cats in Research Settings</i>	
<i>Working with Dogs in Research Settings</i>	
<i>Working with Swine in Research Settings</i>	
<i>Working with Nonhuman Primates in Research Settings</i>	
<i>Working with Amphibians in Research Settings</i>	
<b>I. Date of Occupational Health Program Enrollment</b> (Contact Office of Environmental Health & Safety for information and enrollment assistance).
